

Hassocks Parish Council Parking Working Group – Dale Avenue

***UPDATE* July 2018**

Following the recent Consultation for Stage 2 of the Hassocks Traffic and Parking scheme we made some adjustments to reflect the feedback received from Dale Avenue residents mainly related to timing of the restrictions and to access to Highlands Close. Initial review by WSCC Parking Scheme Team has indicated that both WSCC and Mid Sussex Parking Teams may object to the parking restrictions proposed in Dale Avenue. This is because Mid Sussex Enforcement Team has a limited number of Traffic Wardens and so are unable to effectively police the non-standard restrictions we proposed in Dale Avenue.

WSCC have therefore proposed that using double yellow lines instead will allow the Traffic Wardens to police Dale Avenue as part of their regular visits to Hassocks.

An alternative proposal has therefore been made which also takes on board resident's requests to reduce the speed of through traffic. It is shown in block red with yellow explanation boxes on the maps attached (*all existing/agreed restrictions are shown by red hatching and other colours*):

1. Double yellows from No 19 to 41 with parking available for visitors or residents on the opposite side of the road. (Note parking is allowed in the Bus Stand outside the times shown on the sign).
2. Double Yellows on alternate side from No 24 to 36 with parking on North side of road. This will create a Chicane effect to slow traffic.

3. Double Yellows into Highlands Close to allow easier access for residents

4. Alternate double yellows between Windmills school entrance and Lodge Lane which together with the bend is designed to slow traffic. Unrestricted parking will be available on the opposite sides of the road.

We need your feedback, good and bad, as to your thoughts on this proposal. Basically would you prefer no yellow lines or double yellow lines as this appears to be the option? We are proposing staggering the double

yellow lines to slow down traffic, and to allow some parking on each side of the road.

As this is a change to the original scheme, there is a short period for any further responses. WSCC have a tight timescale for projects being carried out in the next financial year (2019/20), so please respond by the date shown below.

Responses can be sent by Email to: info@hassocks-pc.gov.uk or by post to: Parish Centre, Adastra Park, Keymer Road, Hassocks BN6 8QH

NB Closing Date is Friday 17th August 2018
